There will be no guaranteed make-ups, refunds, or credits for missed classes unless the class is cancelled by the club. Participation in the program is strictly at players own risk. Participant or parent or legal guardian (if participant is under 18) acknowledges and accepts the risks inherent in the use of club services and facilities and voluntarily assumes the risk of injury, accident, death, loss, cost, or damage to his or her person arising from use of the club and releases the club, together with its owners, employees, and agents from all claims or liabilities. Participant certifies that he or she is in good health and has no physical limitations which would prevent participation, and will notify the club of any changes in physical condition which would affect participation. Participant gives permission to the club to use photographs, film footage, or tape recordings which may include participants voice or image for the purposes of promotion or interpretation of the club's programs.

The USTA QuickStart Tennis program provides a unique opportunity for beginners and advanced beginners ages 4 to 11 to be introduced to the game. The students will be in a clinic setting learning basic strokes and techniques. QuickStart uses a smaller court and larger special balls to introduce new players to the game. This in turn allows the players to have more success as they develop their strokes and play games.

Our goal in the Quick Start Program is for the children to have fun while working with others to learn the basics. Our target student teacher ratio is 6-1. Once players progress beyond the advanced beginner level they will move onto the full court and into classes with a 5-1 target student teacher ratio.
