The USTA QuickStart Tennis Program provides a unique opportunity for beginners and advanced beginners the ages 6 through 10 to be introduced to the game. The students will be in a clinic setting learning basic strokes and techniques. QuickStart Tennis utilizes smaller courts and larger special foam balls to introduce new players to the game. This in turn allows the players to have more success as they develop their strokes and play games. Our goal in the Quick Start Program is for the children to have fun while working with others to learn the basics.

The cost of the program is reasonably priced due to our higher student teacher ratio (8-1). Our professional staff is very experienced with the latest teaching methods with larger classes. The USTA has provided us with lots of fun drills so the students are always moving and learning the game. Sign up today to reserve your spot in this exciting new program. Minimum of 6 players in each age group to run the program.
